Dear Matt:

Please find attached a Final Office Action we received from the U.S. Trademark Office in the above-identified application.

The Examiner is requesting we make a small clarification to the goods as noted below (suggested additions in **BOLD**).

International Class 9: Cinematographic system for creating or producing video content comprised of cinematographic machines and apparatus in the nature of a rotatable endless track enabling movement along two axes and recorded computer software for syncing the movement of the endless track and video capture with one or more cameras for creating the illusion of movement; system for use in cinematographic or live event staging, namely, cinematographic system comprised of **a cinematographic apparatus being** a rotatable endless track enabling movement along two axes, video screens; downloadable green screen and imaging software for digital compositing; downloadable computer software for use in video and photo editing and sharing; photographic, cinematographic apparatus, namely, an endless track enabling movement of a camera user along two different axes; apparatus for recording, transmission or reproduction of sound, video, or images; cinematographic machines and apparatus in the nature of rotatable treadmills, namely, a treadmill rotatable about an axis different than the axis of travel of the endless track of the treadmill for purposes of creating the illusion of continuous or dynamic movement of a user on the endless track

International Class 42: Acceptable as written

While this is frustrating that the Examiner is requesting this correction now, this also serves to give you more time before you would need to start using the mark in commerce. We can wait until closer to the deadline for response to accept this clarification.

Please note that a response placing the application in condition for allowance or a Notice of Appeal must be filed by **January 22, 2023**, in order to avoid abandoning the application. This deadline is NOT extendable.

Let me know what you think about the above or if you have any questions.

Best regards,

Amanda
