One other thing -

I removed the name 'InfiniSet' from my documents after v1 (maybe you noticed)

I did this because I wasn't sure if you were going to include the name 'InfiniSet' anywhere in the filing .

I own the dot com but have not spent the time yet to start rounding up all of the other social media pages (Facebook, Instagram, etc) so I just wanted to check with you about this to make sure the name is not included anywhere in the filing?

(this is also why I refer to it as 'My Invention' over and over in the documents even though I want to refer to it as 'InfiniSet')

Thanks,
~Matt
