

# Product Photography Equipment - Overview

Discover PhotoRobot product photography devices to automate the capture of image galleries, 360 spin photography, 3D spins, and 3D models.

## CENTERLESS TABLE

[A universal, motorized turntable solution for shadow-free product photography.](#)

## TURNTABLE

[A heavy-duty rotating turntable to support 360 product photography of heavy objects](#)

## VARIO

[A robot arm to perfectly position and stabilize cameras for single-row and multi-row spin photography.](#)

## MULTICAM

[A multi-camera system for capturing multi-row 3D spins with multiple cameras simultaneously.](#)

**[CASE 850](#)**

[The ultimate, portable robotic workstation for spin photography and 3D modeling](#)

**[case 1300](#)**

[The ultimate portable robotic workstation for spin and still product photography.](#)

**[CUBE](#)**

[One of the most versatile PhotoRobot devices, for standalone use or in combination with other robots](#)

**[ROBOTIC ARM](#)**

[A precise robot camera arm to add the 3rd dimension to your 360 product photography and multi-row spins](#)

**FRAME**

An all-in-one motorized turntable and robot camera arm for shadow-free 360 product photography and 3D modeling

**TURNING PLATFORM**

A heavy-duty turntable photography solution for large and / or heavy products like cars and machinery.

**CATWALK**

A rotating 360 platform for capturing fashion videos and model product photography in 360 degrees

**carousel 3000**

Cars, furniture sets or other very large and heavy objects - you can photograph.

[CAROUSEL 5000](#)

[A heavy-duty, motorized turntable for photography of automobiles, furniture, machinery, and other heavy objects](#)
