EXHIBIT K Key documents submitted in Guertins Hennepin County District Court Civil Commitment case 27-MH-PR-23-815. All of the index numbers cited match those of the courts official case record except for Index 100, which was created to provide a citation reference to the courts letter sent in the mail. Furthermore, it is worth pointing out that these

are only the documents which Guertin possesses, and has been provided with. As part of Guertins commitment to complete transparency he took the strategic, yet unusual step of submitting all of his civil commitment case documents into the publicly accessible case record of his criminal proceedings by including them as attached exhibits to the various pro se filings he submitted. re 1 Complaint,, filed by Matthew D. Guertin. (Guertin, Matthew) (Entered: 07/12/2024)

EXHIBIT L A detailed image analysis of the purported Light Stage 6 at USC. This analysis involved the meticulous, and tedious process of using vector imaging software to trace the structural members, lighting fixtures, and controller units across three different images of Light Stage 6. Two of the images are from the supposed 2006 research conducted by Paul Debevec, and one of the images is a screen capture obtained from an online video purported to be from 2018. The entire focus of the analysis being to compare the positions and more importantly the unique rotational alignment of all of the lighting fixtures across the span of 12 years. re 1 Complaint,, filed by Matthew D. Guertin. (Guertin, Matthew) (Entered: 07/12/2024)

20

Jul 12, 2024

EXHIBIT M A significant amount of documents resulting from Guertins own investigation and research into the alleged theft of his intellectual property. These documents present rather compelling evidence to support the alleged massive criminal conspiracy being carried out against Mr. Guertin due to the incalculable value, and 'revolutionary / breakthrough' nature of the technology contained in his US Patent 11,577,177 re 1 Complaint,, filed by Matthew D. Guertin. (Guertin, Matthew) (Entered: 07/12/2024)

EXHIBIT O THE MINNESOTA APPELLATE DECEPTION - A very informative

presentation which serves to irrefutably prove the blatantly deceptive methods being employed by the Minnesota Court of Appeals in their handling of Guertin's 'Petition for Discretionary Review' Case A24-0780, that he filed pro se on May 10, 2024. Both the court and the State NEVER address a single one of Guertin's many SUBSTANTIAL issues he brings before them. It's as if they don't exist at all - an intentionally deceptive portrayal of Guertin's case is the result. re 1 Complaint,, filed by Matthew D. Guertin. (Guertin, Matthew) (Entered: 07/16/2024)

23

Jul 16, 2024

EXHIBIT P - CONSPIRACY OF COMMITMENT - A chronologically ordered series of blatantly deceptive events that were carried out by Bruce Rivers, and the Hennepin County Courts for the explicit intention of deceiving Guertin, and trying to spring a trap on him in which he would be surprised by a completely unexpected civil commitment hearing, forced to appear without the court or Bruce Rivers providing Guertin with his Rule 20.01 exam report, and then be detained at court at committed directly to a safe and secure facility where he would be checked up on 'every six months, or until he is restored to competency'. Bruce Rivers tells Guertin "No Court" on Jan 15th and on Jan 16th a court order is submitted which states Guertin made agreements THAT HE NEVER MADE. He should not be declared 'incompetent' currently based on an irrefutable LACK OF INFORMED CONSENT and the deceptive actions of both Bruce Rivers and the court. re 1 Complaint,, filed by Matthew D. Guertin. (Guertin, Matthew) (Entered: 07/16/2024)

EXHIBIT T Fraudulent July 16, 2024 Discovery Materials Provided to Matthew Guertin by Bruce Rivers following his July 16, 2024 1:30pm court appearance. Mr. Guertin conducted a forensic analysis of the photographs purported to be authentic discovery materials originating directly from the camera that police used to take pictures of his residence. This analysis utilizes a color curve method which reveals image manipulation that is focused solely on covering up the laptop screen that Guertin had left sitting open on his kitchen table. Analysis indicates that image manipulation was carried out using an advanced image generation ai model.
