

# FUCK THE SYSTEM

George Metesky [Transcriber's notes: aka 'Free' aka Abbie Hoffman]

[Transcriber's notes: This booklet was made sometime in the late 1960's, likely the summer of '67. While Abbie Hoffman claims that it was written by George Metesky, this may of course be true, however the careful reader will note the many similarity between Fuck The System and Steal This Book, which was published in 1971, at least 3 years after Fuck The System. While the phone numbers are obviously no longer valid, and the book focuses on New York, general strategies discussed here may of course still be applied today.]

## Communes

**FREE VEGETABLES** - Hunt's Point Market, Hunt's Point Avenue and 138th Street. Have to go by car or truck between 6-9 A.M. but well worth it. You can get enough vegetables to last your commune a week. Lettuce, squash, carrots, canteloupe, grapefruit, melons, even artichokes and mushrooms. Just tell them you want to feed some people free and it's yours, all crated and everything. Hunt's Point is the free people's heaven.

**FREE MEAT AND POULTRY** - The closest slaughterhouse area is in the far West Village, west of Hudson Street and south of 14th Street. Get a letter from Rev. Allen of St. Mark's on the Bowerie, Second Avenue and 10th Street, saying you need some meat for a church sponsored meal. If you want to be really professional, dress as a priest and go over and ask. Bring a car or truck. A freezer unit will save a good deal of running around. Don't give up on this one. Turning a guy onto the free idea will net you a week's supply of top quality meat. There is some law that if the meat touches the ground or floor they have to give it away. So if you know how to trip a meat truck, by all means . . .

**FREE FRESH FISH** — The Fish Market is located on Fulton Street and South Street under the East River Drive overpass. You have to get there between 6-9 A.M. but it is well worth it. The fishermen always have hundreds of pounds of fish that they have to throw away if they don't sell. Mackerel, halibut, cod, catfish, and more. You can have as much as you can cart away.

**FREE BREAD AND ROLLS** — Rapaports on Second Avenue between 5th and 6th Streets will give you all the free bread and rolls you can carry. You have to get there by 7:00 A.M. in order to get the stuff. It's a day old, but still very good. If you want them absolutely fresh, put them in an oven to which you have added a pan of water (to avoid drying them out), and warm them for a few minutes. Most bakeries will give you day old stuff if you give them a half way decent sob story.

A&P stores clean their vegetable bins every day at 9:00 A.M. They always throw out cartons of very good vegetables. Tell them you want to feed your rabbits. Also recommended is picking up food in a supermarket and eating it before you leave the store. This method is a lot safer than the customary shoplifting. In order to be prosecuted for shoplifting you have to leave the store with the goods. If you have eaten it there is no evidence to be used against you.

**FREE COOKING LESSONS** — (Plus you get to eat the meal) are sponsored by the New York Department of Markets, 137 Centre Street. Thursday mornings. Call CA 6-5653 for more information.

Check the Yellow Pages for Catering Services. You can visit them on a Saturday, Sunday afternoon or Monday morning. They always have stuff left over. Invest 10c in one of the Jewish Dailies and check out the addresses of the local synagogues and their schedule of bar mitzvahs, weddings, and

testimonial dinners. Show up at the back of the place about three hours after it is scheduled to start. There is always left-over food. Tell them you're a college student and want to bring some back for your fraternity brothers. Jews dig the college bullshit. If you want the food served to you out front you naturally have to disguise yourself to look straight. Remarks such as "I'm Marvin's brother" or — learning the bride's name from the paper — "Gee, Dorothy looks marvelous" are great. Lines like "Betty doesn't look pregnant" are frowned upon.

Large East Side bars are fantastically easy touches. The best time is 5:00 P.M. Take a half empty glass of booze from an empty table and use it as a prop. Just walk around sampling the hors d'oeuvres. Once you find your favorite, stick to it. You can soon become a regular. They won't mind your loading up on free food because they consider you one of the crowd. Little do they realize that you are a super freeloader. All Longchamps are good. Max's Kansas City at Park Avenue South and 16th Street doesn't even mind it if you freeload when you are hungry and an advantage here is that you can wear any kind of clothes. Max features fried chicken wings, Swedish meatballs and ravioli.

### **THE INTERNATIONAL SOCIETY FOR KRISHNA CONSCIOUSNESS**

is located at 26 Second Avenue. Every morning at 7:00 AM a delicious cereal breakfast is served free along with chanting and dancing. Also 12 Noon more food and chanting and on Monday, Wednesday and Friday at 7:00 P.M. again food and chanting. Then it's all day Sunday in Central Park Sheepmeadow (generally) for still more chanting (sans food). Hari Krishna is the freest high going if you can get into it and dig cereal and, of course, more chanting.

**FREE TEA AND COOKIES** — In a very nice setting at the Tea Center, 16 East 56th Street. 10-11 A.M. and 2-4 P.M. Monday to Friday.

**THE CATHOLIC WORKER** — 181 Chrystie Street, will feed you any time but you have to pray as you do in the various Salvation Army stations. Heavy wino scenes. The heaviest wino scene is the Men's Temporary Shelter on 8 East 3rd Street. You can get free room and / or meals here if you are over 21 but it's worse than jail or Bet levue. It is a definite last resort only.

The freest meal of all is Tuesdays at 5:00 P.M. inside or in front of St. Mark's Church on the Bowerie, Second Avenue at 10th Street. A few yippie-diggers serve up a meal ranging from Lion Meat to Guppy Chowder to Canteloupe Salad. They are currently looking for a free truck to help them collect the food and free souls dedicated to extending the free food concept. The Motherfuckers also dish out free food on St. Mark's Place from time to time.

If you are really looking for class, pick up a copy of the New York Times and check the box in the back pages designating ocean cruises. On every departure there is a bon voyage party. Just walk on a few hours before sailing time and start swinging. Champagne, caviar, lobster salad, all as free as the open sea. If you get stoned enough and miss getting off you can also wiggle a free boat ride although you get sent back as soon as you hit the other side — but it's a free ocean cruise, even if it's in the brig.

You can get free food in varying quantities by going to the factories. Many also offer a free tour. However, the plants are generally located outside of Manhattan. If you can get a car, try a trip to

Long Island City. There you will find the Gordon Baking Company at 42 25 21st Street, Pepsi-Cola at 4602 Fifth Avenue, Borden Company at 35 10 Steinway Street and Dannon Yogurt at 22-11 38th Avenue. All four places give out free samples and if you write or call in advance and say it is for a block party or church affair, they will give you a few cases.

**FREE BOOZE** — Jacob Ruppert Brewery at 1639 Third Avenue near 91st Street will give you a tour at 10:30 AM. and 2:30 P.M. complete with free booze in their tap room.

The Sun is free. Hair is free. Naked bodies are free. Smiles are free. Rain is free. Unfortunately there is no free air in New York. Con Edison's phone number is 679-6700.

**WELFARE** — If you live in lower Manhattan the welfare center for you is located on 11 West 13th Street, 989-1210. There is, of course, red tape involved and they don't dig longhairs. Be prepared to tell a good story as to why you cannot work, however your looks (which they cannot make you change) might be good enough reason. This is one place where sloppy clothes pay off. You have to be over 18 to get help. A caseworker will be assigned to you. Some will actually dig the whole scene and won't give you a hard time, others can be a real bitch. Getting on welfare can get you free rent, phone, utilities, and about \$20.00 a week to live on. There are also various food stamp and medical programs you become eligible for If you can stomach hassle, welfare is a must. The main office number is DI 4-8700 if you do not live in lower Manhattan.

**FREE CLOTHES** - Try ESSO, 341 East 10th Street or Tompkins Square Community Center on Avenue B and 9th Street. Also the streets are excellent places to pick up good clothes (see section on free furniture for best times to go hunting)

**FREE LAWYERS** — Legal Aid Society, 100 Centre Street. BE 30250 (criminal matters) and the New York University Law Center Office, 249 Sullivan Street. GR 3-1896 (civil matters). Also for specialized cases and information you can call the National Lawyers Guild. 5 Beekman Street 2271078 or the New York Civil Liberties Union, 156 Fifth Avenue, WA 96076. For the best help on the Lower East Side use Mobilization for Youth Legal Services, 320 East 3rd Street between Avenues C and D. OR 70400, ask for legal services. Open Tuesday to Friday. 9 A.M. to 6 P.M. and until 8 P.M on Mondays some of the best lawyers in the city available here.

**FREE FLOWERS** At about 930 A.M. each day you can bum free flowers in the Flower District on Sixth Avenue between 22nd and 23rd Streets Once in a while you can find a potted tree that's been thrown out because it's slightly damaged

**FREE FURNITURE** — By far the best place to get free furniture is on the street. Once a week in every district the sanitation department makes bulk pick-ups. The night before residents put out all

kinds of stuff on the street. For the best selection try the West Village on Monday nights and the east Seventies on Tuesday nights. On Wednesday night there are fantastic pick-ups on 35th Street in back of Macy's. Move quickly though, the guards get pissed off easily; the truckers couldn't care less. This street method can furnish your whole pad. Beds, desks, bureaus, lamps, bookcases, chairs, and tables. It's all a matter of transportation. If you don't have access to a car or truck it is almost worth it to rent a station wagon on a weekday and make pick-ups. Alexander's Rent-a-Car is about the cheapest for in-city use. \$5.95 and 10c a mile for a regular car. A station wagon is slightly more. Call AG 9-2200 for the branch near you.

Also consider demolition and construction sites as a good source for building materials to construct furniture. The large wooden cable spools make great tables. Cinder-blocks, bricks and boards for bookcases. Doors for tables. Nail kegs for stools and chairs.

**FREE BUS RIDES** — Get on with a large denomination bill just as the bus is leaving.

**FREE SUBWAY RIDES** — Get a dark green card and flash it quickly as you go through the exit gate. Always test the swing bars in the turnstile before you put in the token. Someone during the day was sure to drop an extra token in and a free turn is just waiting for the first one to take advantage of it. By far the most creative method is the use of German fennigs, Danish ore or Mozambique 10 centavos pieces. These fit most turnstiles except the newest (carry a real token to use in case the freebee doesn't work). These foreign coins come four or five to a penny. Large amounts must be purchased outside New York City. Most dealers will not sell you large amounts since the Transit Authority has been pressuring them. Try telling dealers you want them to make jewelry. Another interesting coin is the 5 aurar from Iceland. This is the same size as a quarter and will work in most vending machines. They sell for three or four to the penny. There are other coins that also work. Buy a bag of assorted foreign coins from a coin dealer and do a little measuring. You are sure to find some that fit the bill. Speaking of fitting the bill, we have heard that dollar bills can be duplicated on any Xerox machine (fronts done separately from backs and pasted together) and used in vending machines that give change for a dollar. This method has not been field tested.

The best form of free transportation is hitch-hiking. This is so novel in New York that it often works. Crosstown on 8th Street is good.

**FREE PHONE CALLS** — A number 14 brass washer with a small piece of scotch tape over one side of the hole will work in old style phones (also parking meters, laundromat dryers, soda and other vending machines). The credit card bit works on long distance calls. Code letter for 1968 is J, then a phone number and then a three digit district number. A district number, as well as the phone number, can be made up by using any three numbers from about 051 to 735. Example: J-573-2100-421 or J-637-3400-302. The phone number should end in 00 since most large corporations have numbers that end that way. The people that you call often get weird phone calls from the company but not much else. There are also legitimate credit card numbers available. One recent number belonged to Steve McQueen. A phone bill of \$50,000 was racked up in one month. McQueen, of course, was not held responsible.

**FREE MONEY** — Panhandling nets some people up to Twenty dollars a day. The best places are Third Avenue in the fifties and the Theater District off Times Square. Both best in the evening on weekends. Uptown guys with dates are the best touch especially if they are just leaving some guilt movie like "Guess Who's Coming to Dinner?" The professional panhandlers don't waste their time on the Lower East Side except on weekends when the tourists come out. Devise a street theatre act or troupe. It can be anything from a funny dance to a five piece band or a poetry reading. People give a lot more dough and the whole atmosphere sings a little. SMILE! Panhandle at the rectories and nunneries on the side of every Catholic Church. Contrary to rumor the brother and sister freeloaders in black live very well and will always share something with a fellow panhandler. Also see previous sections on the use of foreign coins.

**FREE BOOKS AND RECORDS** — If you have an address you can get all kinds of books and records from clubs on introductory offers. Since the cards you mail back are not signed there is no legal way you can be held responsible although you get all sorts of threatening mail, which, by the way, also comes free.

Exclaiming, "Oh, my gosh!" slap your forehead, turn around and return, telling the usher you left your hat, pocketbook, etc., inside. Once you're in the theatre just take a seat and wait for the next show. Another method is to call the theatre early and pose as a film critic for one of the mini magazines and ask to be placed on the "O. K. list." Usually this works.

**CLAP AND THE TASMANIAN PIG FEVER** — Clap (syphilis and gonorrhea) and Tasmanian Pig Fever (TPF) are two diseases you can easily pick up for free on the Lower East Side. One, the Clap, you catch, and the other, TPF, catches you. The Clap comes from balling. There are some that claim they get it from sitting on a toilet seat but that is possible only if you dig that position. Generally, using a prophylactic will prevent the spreading of Clap. If you don't use them and you ball a lot your chances of picking it up are pretty good. Syphilis usually begins with a sore which may look like a cold sore or any other kind of sore or pimple around your sex organ. Soon the sore disappears, even without treatment, and is often followed by an inflammation of the mouth and throat, and rashes on the body. These symptoms also disappear without any treatment. But even if these outer signs disappear the disease remains if untreated. If it remains untreated years later syphilis can cause serious trouble such as heart disease, blindness, insanity, and paralysis. Gonorrhea is more common than syphilis. The first sign of gonorrhea is a discharge from your sex organ. It may not be noticed in women. In men there is usually itching and burning of the affected areas. If untreated it can result in permanent damage to sex glands. Both syphilis and gonorrhea can be cured in a short time with proper medical attention. The doctor's instructions must be followed to the letter if you want to shake the disease. Sometimes someone will get a shot of penicillin, go home and wait three days, and seeing no change in his condition he will assume the treatment is not working and not go back for more. Some strains are resistant to penicillin but will respond to other medication. Keep going to the clinic until the doctor says No. Free Treatment regardless of age is available for Lower East Side residents at the Chelsea Hygiene Center, 303 Ninth Avenue at 27th Street. Call LA 4-2537 for more free information. You can also get tests for a variety of other

illnesses here, including hepatitis, which is common and dangerous. Free cancer check-ups also given. Day and night phone information at 269-5300.

Tasmanian Pig Fever is a disease common to the Lower a variety of reasons. Let's face it, the Lower East Side is a ghetto and getting busted by a cop is common in any American ghetto. The following is some general basic advice and some help on the chief causes for busts — dope and runaways, although runaways are not technically busted.

The TPF is the riot control squad in New York and is called out to handle many street demonstrations. The local police come out of the Ninth Precinct located on 5th Street between First and Second Avenues. The local cops are under the direction of Lieutenant Joe Fink. There are numerous arrests down here and a working knowledge of what to do about the cops can be very helpful.

Never let cops in your house if they do not have a search warrant. Ask them to slip it under the door. They only have a right to enter without a search warrant if they have strong reason to believe a crime is being committed on the premises. Most cases without a search warrant are thrown out of court. If you are arrested, give your name and address. If you do not you will have bail trouble. You can give a friend's address. Do not discuss any details of your case with the police. Demand to see your lawyer (See Free Legal Aid Section). You are allowed a phone call and generally they will give you three. Call your closest friend and tell him you are arrested. He should be instructed to meet you in court at 100 Centre Street. On the fourth floor your friend can find out what courtroom you will appear in for arraignment. There is a Legal Aid lawyer in the courtroom who will handle the arraignment. If the charges are misdemeanors he should be used, if the charges are felonies you might be advised to get help from a private lawyer, Mobilization for Youth or some other agency. A good lawyer can get a bail reduction that can save you a good deal of time if you are hard up for bread. Bail depends on a variety of factors ranging from previous arrests to the judge's hangover. It can be put up in collateral, i.e. a bank book, or often there is a cash alternative offered which amounts to about 10 to 20% of the bail. Try and have your friend show up with at least a hundred dollars in cash. For very high bail there are the bail bondsmen in the area of the courthouse who will cover the bail for a fee not to exceed 5%. You will need what they term a solid citizen to sign the bail papers and perhaps put up some collateral.

**DOPE BUSTS** — Possession of less than a quarter of an ounce of pot is considered a misdemeanor. The penalty can be up to one year. In actuality, a conviction for possession is very rare. The New York courts are quite lenient on this charge. More than a quarter of an ounce is considered possession with intent to sell. This along with sale (to an agent) are considered felonies and punishable by terms of up to 15 years in prison. A few precautions are in order. If you are carrying when busted eat it as soon as it is cool. Never sell to someone you do not know. Never make a sale with two other people present. Agents always buy with another person or agent present as a witness. Never sell to anyone facing an indictment for they are subject to pressure. Undercover agents have some pretty interesting disguises. Black undercover cops are very hard to spot. Often undercover cops wear beards and moustaches but few, contrary to rumor, have very long hair. Long hair that takes a year to grow is not possible since agents are switched around and anyway long hair

doesn't grow in Queens. Undercover cops always carry a gun so look out for that noticeable bulge or a jacket being worn on a hot day.

There is a new bill already passed, waiting for the governor's signature, that would upgrade the dope penalties, for example, sale of pot to a minor could get you up to life imprisonment. If this bill is passed and you are caught selling to a minor, pull out a gun and shoot the kid. You can only get 10-20 years for first degree manslaughter and can be paroled in 6 years. Acid and other dope, although against the law rarely result in busts and even less in convictions (heroin is another thing, of course). There are too many technicalities involved in analyzing the substance, many such as STP are not covered by the law. For this reason, they generally go after the grass unless there is a major production or sale involved.

**RUNAWAYS** — Laws governing runaways are equally ridiculous. Persons who look underage (under 16 for males, under 18 for females) can be stopped by a cop anytime and asked to produce identification. If you are underage or do not have identification to prove otherwise you can be brought to the police station. There your parents or guardian is called. If you have permission to be here they let you go, if not, your parents can pick you up there. If they don't want you, you can be sent to the Youth Detention House which is a very bad trip indeed, if you are a runaway, get fake identification and quick. People who put up runaways are subject to arrest for contributing to the delinquency for a minor. If you want to go name and need a contact or if you want to stay a few days in a good place call Judson Memorial Church in Washington Square, GR 7-0351. This is the first year this program has been in effect but the people running it are cool. If you don't want them to call your parents or the cops they assure us they will not. They can house and feed about twenty-five young people.

**DEMONSTRATIONS** — A word should be said about demonstrations. Demonstrations with large numbers of arrests rarely result in convictions. Lawyers inform us of the over 3,000 arrests in recent anti-war, yippie demonstrations, etc. there have been no convictions. This does not mean things couldn't change drastically but these are the facts up to now.

Remember when arrested give only your name and address. Demand a search warrant if they want to come into your pad. The only know cure for Tasmanian Pig Fever is revolution. Paranoids unite!

**DOPE** — As you probably know, most dope is illegal, therefore some risks are always involved in buying and selling. In the legal section we have discussed the selling problems. Now let us consider the problems involved in buying. Arrests are not a problem unless you are inside and happen to get caught in a raid on a major dealer. What is a major hazard is getting burned. The usual trick is to take your dough and just vanish, leaving you standing on the street. Another method is substituting oregano or parsley for grass, cheyving tobacco as hash, and aspirin and barbiturates as acid. A general rule is no bread up front. If you're getting an ounce or more of grass you are entitled to sample it. Hash can also be sampled. If you're considering buying a large amount of acid, buy one tab for a sample and try it first Another rule is to buy from a town dealer or a close friend. Have you considered growing your own? Being a weed, grass is very easy to grow if it gets enough water and sun. Get your seeds together, travel over to Jersey or Staten Island, find a field and plant

your seeds. Draw a furrow in the ground about half an inch deep and plant the seeds about two inches apart. Cover the seeds with soil and water the area. Returning every two weeks to tend your crop will be sufficient. No matter how high the shoots get they are smokeable if dried out but it is best to let them grow to maturity (when the flowers bloom). This takes three to four months depending on soil conditions and sunlight. With a little effort, you can grow kilos galore. Growing grass indoors is a big hassle but it can be done if you construct a planting box with a light bulb or artificial growing lamp. Some hardy souls have planted grass in Carl Schurz Park next to Gracie Mansion. 89th Street and East River Drive.

There are also legal highs, the most famous of which is bananas. Scrap the insides of the banana peel and roast in a 200c oven for a half hour or until dark brown. Crumble the scrapings and roll in a joint or pack in a pipe. This will produce a mild pot high. Mornings glory seeds will produce a high similar to LSD if prepared properly. Use only the white, blue, or blue-white varieties that are not coated with chemicals. If they have been coated a good washing in alcohol will remove it. You need about 400 seeds to get you up there. Generally there are about 40 to 60 in a packet. We prefer the following method: grind the seeds in a pepper mill and stuff them into gelatin capsules that you can get in any drug store. Another method is to boil the seeds, strain the mixture and drink the liquid. It tastes bitter but it's easier than the grinding method, it's an 8-10 hour trip. Whipped cream containers are 80% nitrous oxide or laughing gas. Hold the container upright and release the nozzle slowly as you inhale. It's really a gas; even the whipped cream gets you high.

Some people claim you can get high on cabbage centers. Others claim cigarette tobacco mixed with powdered aspirin will do the trick. A hint on grass: boil the twigs and seeds and make a very groovy tea — sort of a tea-tea.

**BAD TRIPS** — The best method for bringing a person down from a bad trip is calm, understanding talk by a sympathetic soul. Generally this works. Orange juice and sugar works well. A cup of sugar to a quart of orange juice. Drink as much as you can. Niacinimide, a vitamin B derivative also works. You need 1000 milligrams for every 100 micrograms of LSD. Say the tablets you have are 100 mg. That means ten tablets for each 100 micro-grams of LSD. If you do not know the LSD dosage, assume 500 micrograms and use 50 tablets of Niacinimide. Too much Niacinimide cannot hurt you. Landing time for both the orange juice-sugar method and Niacinimide is between 30-40 minutes. Niacinimide has better results. It is available without a prescription and is fairly cheap. You can get a thousand tablets for about three dollars. As a last resort you should call in a physician who can administer a tranquilizer, generally thiorazine. Bellevue should be considered a bad trip. Be careful of drugs you know nothing about. STP is only for people who have been into acid for a time. Heroin is addictive and can be a mighty expensive habit. Amphetamine, usually called A or meth or speed, is also quite dangerous if you don't know what you are doing. Both heroin and meth are self-destructive. They ruin your appetite, often causing malnutrition. Since they are needle drugs there is always the chance of missing a vein, which leads to a stiff arm for a few days or of contracting serum hepatitis from unsterilized needles. You can kick the habit by just refusing to take it for a few weeks or switching to a groovier drug. Don't get hooked on any drug, whether it be heroin, school, coca-cola, benzedrine, suburbia, meth, or politics. They can all rot your brain ... Be advised.

**COMMUNES** — Communes can be a cheap and enjoyable way to live. They are a good tribal way to live in the city because they are tribes each has a personality of its own. This personality depends on the people in the commune and how well they get along together. For this reason the most important part of setting up a commune is choosing people who are compatible. It is vital that no member of the commune has any strong objection to any other member. More communes have been destroyed by incompatibility than any other single reason. People of similar interests (speed freaks with speed freaks, painters with painters, and revolutionaries with revolutionaries) should get together. Preferably the members of the commune should know each other before they begin setting up quarters.

Once there is a nucleus of 4 to 7 people that are compatible establishing a commune is not difficult. The first thing to do is rent an apartment. The initial cost will probably be two months rent. Don't pay more. The landlord is not legally allowed to ask for more than one month's rent as security. Don't go to a rental agency unless you are willing to pay an extra month's rent as a fee. Two ways you can find an apartment if you don't know of one are: walk up and down every street and look for rent signs; the other is to look inside the front doors of some buildings in the area for a sign giving the landlord's name. When you find buildings owned by one company there is a pretty good chance that the company owns other buildings in the area. Call that company and ask if they have any vacant apartments.

When you get an apartment, furnishing will be the next step. You can double your sleeping space by building loft or bunk beds. Nail two by fours securely from ceiling to floor about three feet from the walls where beds are wanted. Then build a frame out of two by fours at the height you want the beds. Make sure it is strong enough to hold the weight of people sleeping on it. Then nail a sheet of 3/4 inch plywood on the frame. Mattresses and other furniture can be gotten for free. See the section on free furniture. You can cop silverware in self-service restaurants.

How you govern your commune depends on where the member's heads are. One method which works well is the Indian tribal council in which from time to time all members of the tribe (commune) get together and discuss problems that come up and solutions are worked out. At the meeting it should be decided which members are responsible for things that have to be done (i.e. cooking, cleaning, raising the rent), this assures that they will be done. It is a good idea to have a meeting when you first form to make decisions on some of the important things that are sure to arise. The first is whether you want a crash pad or a commune. The difference is that a commune is a closed unit. Other people may join, but unlike a crash pad, they may not join for one day. Other things to consider are drugs (no drugs in the pad, communal stash, etc.), property (personal, communal), age limits and so on. The important thing to remember is that with experience and basic trust for each other, this form of tribal living is by far the best way to live in the city jungle. Ask around for an experienced commune and get one of their members to come to your first tribal meeting. The more stable communes that are established the sooner we can begin to realize a freer more humanistic society.
