

Instructions & more info

Flyers: print on a printer, cut and leave them on the subway/bus/at university/work/wherever!

Stickers: all the same, but you need to print on special self-adhesive paper (about 7\$ for 20 pcs on Amazon or AliExpress).

There are many different ones: those, which include feminist, blm & other logos; those, which include only masculist; those with no logos. Choose the one you like the most!
