Recommendations from the Presidential Board to the Executive Board about countries not in good standing with IBCA

- All European countries must settle their debt to IBCA. These countries will not be allowed to take part in any IBCA event until their debt is settled. The deadline to settle the debt is May 31, 2024.
- The debt of African, Asian and American countries is cancelled. They have till the 31st of May, 2024 to pay their 2024 annual fee.
- Organizers of IBCA events have the duty to check with the IBCA treasurer whether participating countries owe a debt to IBCA.

Executive Board members have till March 5 to vote. Johannes Grib, James Infiesto and Nomin Erdenebat cannot take part in the vote, because their countries are directly concerned.

This recommendation is adopted by the Executive Board.
