Additional family/collateral contact number and instructions:	

It is hereby ordered:

1. A forensic navigator is appointed under Minn. Stat. § 611.42, subd. 3(b), if one is available and assigned by the Forensic Navigator Program. The Forensic Navigator Program shall inform the court of any such assignment by filing a Notice of Assignment in this case. Once assigned, the forensic navigator is ordered to provide the services described in Minn. Stat. § 611.55, including: developing a bridge plan to identify appropriate housing and services; assisting and supervising defendants when appointed to do so by the court; providing services to assist defendants with mental illnesses and cognitive impairments; and, if ordered to supervise a defendant, reporting to the court on defendant's compliance or noncompliance with conditions of pretrial supervision and any order of the court.
2. By presentation of a copy of this Order by the forensic navigator assigned by the Forensic Navigator Program, whether mailed, sent electronically, or personally delivered, any agency or department shall release within 96 hours all information and/or records of the defendant including medical, psychological, behavioral, chemical dependency, social service, probation/correctional/jail records (including behavioral notes, medical notes, psychiatric notes, jail reports or logs, and any records or information maintained by a jail from any third party medical provider/contractor/public health staff), developmental disability, military, Social Security, employment, and educational records to the forensic navigator assigned by the Forensic Navigator Program by the custodian of the records for the purpose of the examination, notwithstanding the Minnesota Health Records Act, the Minnesota Government Data Practices Act, the Health Insurance Portability and Accountability Act, or any other federal or state law. Such information and/or records may be delivered to the forensic navigator assigned by the Forensic Navigator Program by mail, sent electronically, discussed verbally, or personally delivered. These records will not be included in the court file. Any further use or disclosure of these records shall only be by court order.

TO BE USED WITH ALL COMPETENCY/RULE 20.01 EVALUATIONS

- a. The Court specifically finds good cause exists for authorizing the disclosure of the identified records, including chemical dependency records, because other ways of obtaining the information are not available or would not be effective, and the public interest and need for disclosure outweighs the potential injury to the patient, the physician/patient relationship and any chemical dependency treatment facility or organization holding records pertaining to Defendant.
