Moving the Light Stage to the new building was no easy feat for the NextLab team. The team spent over a month in advance to plan the complicated logistics of the move, making sure the hundreds of lights and thousands of parts can be disassembled and reassembled with no hiccups! It took a combined 80 hours and a strong 10 person team to successfully move and reassemble the Light Stage and its 4,000 light bulbs. Watch the NextLab team rebuild the Light Stage to completion!

對NextLab團隊而言，移動Light Stage不是一件簡單的事。團隊們花費一個月以上的時間，規劃如何拆裝這些精密零件。讓我們先來看看拆卸的過程吧！並且請密切鎖定我們的臉書，近期會公布part2：重組過程喔！
遷移Light Stage總共花費80個小時，並動員了10位壯丁！任務大功告成！讓我們看看，壯丁們是如何將這4000顆燈泡重新組合起來的！
什麼是Light Stage呢？Light Stage是世界最先進的3D臉部繪製科技，全亞洲只有壹動畫擁有這項技術喔！

Funny Cat Videos Motive

Here at [Funny Cat Videos](#), we take funny cat videos seriously, so when it came time for us to determine what videos would do a lazy day justice, we had some pretty stringent parameters. Our picks needed to have insanely good replay value. They needed to have relatable characters and stories easy enough to invest in that even someone hunkered-down with the flu could still enjoy what s going on. And lastly, longer cat movies, Cute Cats, Funny cats, Funniest Cats Compilation and funny animal videos took priority in our research, for obvious reasons (read: time consumption).
