RE: JBSCH 1 – 10 PLACER CLAIMS, BURWASH CREEK, YUKON

I have reviewed the Property Gold Reserves Report for the above claim, prepared by Valery J. Zhuravlev, Ph.D, P.Eng. It is my opinion that this document is complete and in compliance with the standards for a Technical Report (Form 43-101F1) as set out in the NI 43-101.

Annelise Freeman, P.Geol.

The seal is circular with the text "PROFESSIONAL GEOLOGIST" at the top and "ALBERTA" at the bottom. In the center, there is a small illustration of a mountain and a river, with the name "Annelise Freeman" written above it.
